1. (c) Discussion of Personnel
Reason 1 and 6 of NCGS 143-318.11

B. Startups

The meeting will begin with an overview of the meeting to include:

- Purpose
- Agenda
- Roles
- Ground Rules

C. Policy Customization - Review of 1000 Series Policies

The attached policies are being reviewed by you in advance of consideration for the first of two readings at the November Board of Education meeting. In addition to the policies the final crosswalk is included to help you navigate the policies and the markups on each of the policies. We will review each one individually.

Policies: 1720, 1730, 1740, 1742, 1750, 1760 & 1005.

DIRECTIONS FOR READING THESE POLICIES:

- Open first file (*Series 1000 Crosswalk and Comments*): This file shows you the new file name (which includes the original policy number) as well as the original policy that it was changed from. If there was no original Currituck County Schools policy then there will be a Ø. If the policy is one that does not have a correlation in the School Boards Association policy manual then there will be a double underline in the "Draft Policy" column (an example of this is Policy 1005 - Current Currituck County Policy 1010: Organizational Plan). This crosswalk is written by the NC School Board's Association attorney assigned to our Policy Customization.
- Read and review each policy carefully. In the policy you will see the changes staff made as well as any comments from the NCSBA Attorneys assigned to us. We will work with these policies during the work session to make any additions or deletions. We will send any edits to the attorneys for a last look before the October meeting.
