

# Welcome to the **STREAM** Room

This year is going to be so very exciting. I have worn so many hats at Shawboro and this year is no different. This year I have the privilege of guiding our students through the STREAM room. STREAM stands for Science, Technology, Robotics, Engineering, the Arts, and Mathematics.

I began my journey at SES as a parent and volunteer in 2009 when my family moved Currituck County. I started substitute teaching in 2013 and loved it so much that I went back to school to become a teacher's assistant. In 2016 I was a 1-1 teacher assistant with the EC department. In 2017, I was asked to be a 1-1 assistant for a visually impaired student. He taught me so much. I even learned how to read and write Braille. Midway through the 2018-2019 school year I transitioned to the K-1 team working with Tess Marler, Stefanie Drab, and Margie White.

While I am sad to leave such an amazing group of teachers, I am overjoyed to start on a new journey. My hope is that your students will find something in my room that sparks a love of learning. Our focus will be the arts. We have some very exciting things coming for each grade level. Some of these lessons include but are not limited too recorders for 4th and 5th grade, Kindergarten promotion, musical instrument experiments for 2nd and 3rd grade, and writing and performing our own plays. The list goes on and on but I don't want to give away all of it.

I am very thankful for all of the support that I have been given while switching focuses at SES. I could not have done any of this without the love and support of my family. I have been married to my husband Mark for 23 years this October. My children are Hazel 20, Alannah 17, Deborah 15, and Liliannah 12. All are products of Shawboro Elementary School and make SES proud everyday. These people are my world and I could not be me without them. They have supported my love of music and pleased to see me do something else with it. In my free time I volunteer for my church as the worship leader where Mark and Alannah join me playing percussion.

I am looking forward to getting to know your students and seeing them get excited about STREAM. If you need to get in touch with me my email is [csanders@currituck.k12.nc.us](mailto:csanders@currituck.k12.nc.us) or you can reach out to me through dojo.
